To

Secretary to the Government of His

Highness the Maharaja of Mysore,

Bangalore.

Sir,

I have the honor to request that you will be so good as to move the Chief Engineer D. P. W. to place at my disposal annually a sum of money for the execution of petty repairs to the Government buildings in charge of the Excise Division and Range Officers. These repairs are, under the existing practice, to be done by the Revenue authorities out of the funds placed at their disposal. These funds are limited while the demands on them are great. I believe that a separate grant is made for the construction and repair of buildings belonging to the Police

Department and it enables the Officer thereof to keep their buildings in order. Such an arrangement is absolutely necessary in the case of buildings of the Excise Department which are generally in a dilapidated condition now. If a small sum is granted the departmental Officers will under proper sanction execute the required repairs and keep the building in order. I would in the present not ask for more than Rs 500/- per annum and shall use it according to the Rules laid down for the guidance of the Revenue Department.

I have the honour to be

Sir

Your most Obedient Servant
